Skip brought up that Dale from the Red Knights is building tables for Famous Franks. He will build a table with each club's own designs and logos so that it will be a permanent add for each club. Small table is \$50 and a large is \$100. It was voted on that we would purchase a large table. Membership & Fundraising committees will come up with a design.

Famous Franks will also hang on their wall any reasonably sized club signs etc. which the committees will also put together.

George (the patch man) will hang a Blue Knights plaque or sign in his traveling tent when he attends area bike shows for us. Committees come up with that as well.
